

User Feedback 1:

"I find it frustrating when apps don't save my progress automatically. It makes me feel anxious about losing my work."

User Feedback 2:

"As a first-time user, I felt overwhelmed by the complex onboarding process. I wish it guided me step-by-step."

User Feedback 3:

"I love apps that remember my preferences. It feels like they actually care about me."

User Feedback 4:

"When I reported a bug, no one responded. It made me feel ignored and unimportant."

User Feedback 5:

"I want more customization. When I can't personalize my experience, I feel disconnected from the app."
